## Introduction

---

This catalog provides an overview of Solutions-II Services Portfolio outlining the benefits that are delivered to our clients.

For more than 25 years, Solutions II has delivered outstanding services to our clients using our services methodology. We maintain numerous vendor certifications coupled with hands-on experience which allows us to design, deploy, document and manage those multi-vendor environments.

## Overview

---

**Solutions II** is nationally recognized for world-class innovation in security, virtualization, business continuance, infrastructure, cloud as well as professional and managed services. We tailor solutions for the marketplace of General Business with specialized knowledge within the Public Safety and Gaming industries. Solutions II delivers comprehensive security solutions in vulnerability management, endpoint protection, event dashboards, firewall and other edge technologies. We empower enterprises to maintain an enhanced security posture, manage corporate risk, improve compliance, and attain proactive detection and prevention of security threats to their computing infrastructure, data, and applications

Solutions II has partnered with Clients since 1992 as an extension of their IT teams. Providing innovative services and solutions is continually intertwined with our corporate virtues of quality, integrity and passion to keep our clients “Performing Ahead of the Curve.”

### Marketplace Overview

#### **Gaming**

Solutions II services IT within the gaming industry in stand-alone locations as well as establishments with dozens of locations across the United States. Our sales teams, project management resources and deployment engineers have elite expertise performing deployments in various gaming environments. This provides Solutions II’s clients with a superior experience since project resources have a thorough understanding of the gaming business and the applications that are in use in the industry.

#### **Public Safety**

Public safety organizations nationwide are faced numerous IT challenges. At the same time, budget constraints are limiting departments’ abilities to add IT staff. Solutions II currently services hundreds of Public Safety Organizations, with our clients protecting more 15 Million citizens, nationwide. Solutions II has proven experience in maintaining their critical systems 24/7.

#### **General Business**

Our goal is to understand what unique challenges you are facing and how to maximize IT to achieve your business goals. Our team has the ability to understand your business, what you’re trying to achieve and custom build solutions that we will guarantee.

No matter your industry or challenge, Solutions II is an extension of your IT team, delivering solutions with quality, passion and integrity!

## Why Solutions II Services?

- **Depth of Experience and Expertise**
